

**SIMPLER  
IS SMARTER.  
SMARTER  
IS SAFER.**

**AlphaTec®**

**The TRELLECHEM® SPLASH Range is now the AlphaTec® 66-3XX series.**

Dear Valued Customers,

To simplify how our customers navigate our chemical portfolio we are unifying our chemical hand and body protection solutions under the AlphaTec brand. The new chemical portfolio will manage fewer styles aligned with simpler brand and product offerings.

TRELLECHEM SPLASH suits have always offered effective protection from liquid chemical splashes in situations where a gas-tight suit is not required and are a key part of the Body Protection range.

As part of Ansell’s global re-branding efforts the SPLASH range now has a new identity under the AlphaTec brand.

Previous SPLASH styles 600, 900 & 1500 have been standardised to align with the chemical protective clothing portfolio and will adopt Ansell’s style code system of **66-3XX**.

<b>Product Range</b>	66- identifies the garment as REUSABLE body protection.	300 - PVC fabric 390g/m <sup>2</sup> 310 - PVC fabric 345g/m <sup>2</sup> 320 - PVC fabric 430g/m <sup>2</sup>
<b>Suit Material</b>	3XX identifies the material from which the suit is made.	
<b>Model Number</b>	111 - Coverall with hood, open legs 122 - Coverall with hood, attached boots 146 - Coverall with hump, open legs 151 - Non-encapsulating suit with face seal & open legs 156 - Non-encapsulating suit with face seal & socks	
<b>Accessory</b>	W - Watertight zipper	
<b>Attached Glove</b>	G09 - AlphaTec 08-354	

**Packaging Change**

- New artwork on a new standard sized carton (600 x 400 x 200mm)

AlphaTec branded products will be certified to comply with the NEW EU Regulation 2016/425 on Personal Protective Equipment

**Please see the following pages for a more detailed explanation of what will be changing.**

# New brand; same products, same quality and performance

## KEY CHANGES

### Product Labelling & IFU

#### Key Changes

- Brand change to AlphaTec on Sleeve label, Inner label and IFU (Instructions for use).
- Change to CE0598 on Inner label and IFU, to ensure compliance with the new PPE regulation after Brexit.
- Sleeve label will retain old model name e.g. SPLASH 600 for a period of time.
- Sleeve label more clearly highlights suit size.
- Inner label & IFU will now refer to the new style number and model.
- One IFU for each of the main models 111/122, 146, 151/156.

### Outer Box Key Changes

#### Key Changes

- Brand change to AlphaTec
- Ansell tape to seal the box
- New standard cardboard box for all 66-3XX series. Dimensions will now be: 600 x 400 x 200 mm
